NASHVILLE EXPOSITION.  
Managers of the Show Encouraged.  
Stenographers on Deck.  
[BY ASSOCIATED PRESS WIRE.]  
NASHVILLE (Tenn.) Aug. 1.—On  
Tuesday August 2, the national conven  
tion of the stenographers of the United  
States will meet in this city and re  
main in session three days. Delegates  
from all the States will attend, and  
the convention will be a large one.  
Gov. Taylor will deliver the address  
of welcome on August 3, which will be  
stenographers' day at the exposition.  
The exceedingly large attendance  
both day and night yesterday and the  
good showing made during July in  
spite of the hot weather and a dull  
month in business all over the land,  
have greatly encouraged the exposition  
management and all interested in the  
success of the exposition, and all expect  
a steady increase in attendance from  
now until the close of the exposition.  
Innes' Band, which for weeks has  
delighted visitors, will be succeeded to  
morrow by Victor Herbert and his  
Twenty-second Regiment Band. The  
old Liberty Bell will be brought from  
Independence Hall, Philadelphia and be  
exhibited on Pennsylvania day, notice  
to this effect having been sent to the  
exposition management.

NOT FIRE PROOF.  
Two Destructive Incendiary Fires at  
Ottawa, Ill.  
[BY ASSOCIATED PRESS WIRE.]  
OTTAWA (Ill.) Aug. 1.—The Pioneer  
Fire Proof Construction plant, the  
largest of its kind in the world, was  
partially destroyed by fire today, es  
timating a loss of \$100,000, partially in  
sured. The fire was of incendiary ori  
gin.  
The large grain elevator of J. N.  
Shuler was burned to the ground this  
morning. Loss, \$6000; insurance, \$3000.  
It was not thought this building was  
set on fire. Had there been any  
breeze at the time of this fire, the  
city of Ottawa would have been all  
wiped out, as both buildings were  
situated close to the business center.

LIFE-SAVERS RESUME WORK.  
CAPE MAY (N. J.) Aug. 1.—The  
crews of the forty life-saving stations  
of the United States government,  
stretching along the New Jersey coast  
from Sandy Hook to Cape May, went  
on duty today, after being out of ser  
vice since May 31. Six men and the  
captain make up a crew until Decem  
ber 1, when the seventh man is added  
and stays until the winter months.

ON THE ROAD.  
Striking Miners March  
to Turtle Creek.  
Six Thousand Idle Coal-diggers  
in One Assembly.  
Good Order Preserved Without  
Official Interference.

A Grand Rush for the Provision  
Wagon by the Hungry Mob.  
Agitators Busy in West Virginia.  
Pansmakers Quit Work.

[BY ASSOCIATED PRESS WIRE.]  
PITTSBURGH (Pa.) Aug. 1.—All  
roads lead to Turtle Creek today. All  
marching miners were going toward  
Camp Determination and if those re  
presented as being on the march reach  
the scene before morning there will be  
at least 6000 diggers present at the big  
meeting which is scheduled for 11  
o'clock at McCrea's schoolhouse. The  
miners expect 8000 to be present.

The burough of Turtle Creek experi  
enced the liveliest day in its history,  
with its large transient population of  
miners and curious visitors, but the  
day passed without trouble of any kind.  
Burgess Road, the thorough visited  
Turner's Camp today and stated that  
he had no reason to order the men to  
disband and so long as peace prevailed  
he will not disturb them.

There was a complete shift in the  
make-up of the campers today. The  
men from the Wheeling division of the  
Baltimore and Ohio who have been on  
guard ever since the big movement  
against the De Armit mine was inau  
gurated, left during last night for their  
homes at Finlayville, Gastonville,  
Snowden, Whitehall and Banksville.  
While the old guard was quitting last  
night, new men came in today. Not  
in the usual way, but has quietly gone  
to some house or public hall and the  
miners have gathered there as if by  
magic.

This morning at Monongah, the  
meeting was a repetition of the success  
at Palatine last night and Catwaba  
yesterday afternoon. Tomorrow  
morning he will make a speech to  
the men.

Four more organizers will join Rea  
and Ed Davis, his aide, tomorrow.  
Davis, who is a blacksmith, is a  
non-union organizer, the Pinnymnick  
and Despar men, who are out. Report  
says he is highly elated over the pros  
pect of a general strike. The miners  
came out. Mason telegraphed from  
Charleston today that the Kanawha  
and New River men had struck for 50  
cents a ton and a check week.

Rea says he intends to call on Sen  
ator Judge John W. Mason, who granted  
the injunction, tomorrow, and he wants  
to know what the judge means. He  
does not know the judge's intentions  
means to keep him from holding meet  
ings in the public roads or not.

Tonight there are some more signs  
of a general strike. The miners of  
the operators have contracts of  
more than ten days in length and the  
men say if they do not come out, the  
one of the best known men in town  
will return to the 25-cent rate.

THE KILLING OF CUMMINGS.  
SCOTSDALE (Pa.) Aug. 1.—Cor  
ner Owens today held an inquest on the  
remains of William Cummings, the  
non-union mill worker, who was killed  
by a quarry runaway horse in the chair.  
A large number of witnesses were  
examined, but the only one who gave  
positive testimony was Constable Long  
ganter, who testified that he was  
standing within a few feet of the par  
ties when the shooting took place, and  
plainly saw the flash from the revolver  
in the hands of William C. Hubbs.  
The jury found Hubbs guilty, and he  
was arrested. Hubbs was a roller in  
the employ of the Scottdale Iron and  
Steel Company before the strike, and  
is one of the best known men in town.  
While opinions differ as to the effect  
of Cummings' death, it is generally be  
lieved that the trouble last night will  
be the rioting and bloodshed. The in  
quest tonight is as quiet as on an ordi  
nary Sunday.

WILL FOLLOW DEBS.  
Jewish Trades Unionist Delegates  
Choose a New Leader.  
[BY ASSOCIATED PRESS WIRE.]  
NEW YORK, Aug. 1.—The second  
day of the Socialist Labor convention was  
slightly attended today. Julius Freed  
man, of Philadelphia, was in the chair.  
It is claimed that the fifty delegates  
represent 25,000 Jewish trades union  
ists, who were recently expelled from  
the Socialist Labor Party for protesting  
against the methods of certain labor  
leaders, among them Daniel De Leon,  
and the principal object of the con  
vention is to determine whether they  
should join the Debs' organization or  
vote for independent organization.

PANTING PANTS-MAKERS.  
A General Strike Against the Swea  
ting System.  
[BY ASSOCIATED PRESS WIRE.]  
NEW YORK, Aug. 1.—The general  
strike of the Pants Makers' Union, a  
branch of the Socialist Trades Alliance,  
went into effect today in 250 shops  
in Greater New York. The strikers are  
enthusiastic and believe this effort on  
their part will end the sweating sys  
tem and restore the old rates of wages.  
Under the present system they are only  
able to make \$1.50 for a week's work.  
Under the old schedule, which they  
want restored, the operators made from  
\$10 to \$12 a week. There are nearly 3000  
operators and in consequence of the  
strike 5000 finishers are idle.

[BY ASSOCIATED PRESS WIRE.]  
WASHINGTON, Aug. 1.—In a late  
number of the Congressional Record  
containing speeches on the tariff ques  
tion, is a speech by M. N. Johnson of  
North Dakota, in which he makes a  
compilation of the protests received by  
the State Department from the repre  
sentatives of foreign countries against  
duties imposed in the Dingley Tariff  
Bill. Some of these protests have been  
made public, others have been referred  
to the committees of Congress having  
the Tariff Bill in charge, and little or  
no attention has been paid to them.

Nearly all the communications revert  
to the commerce between the several  
countries and the United States. They  
insist that the new Tariff Bill retards  
commerce and some of them intimate  
that it will result in decreasing the  
demand for American goods. They take  
the protests for the benefit of com  
merce between the countries. Some  
suggestions are made that the injury  
to be done by the United States in these  
duties would be considerable.

There were three communications  
from Baron Fava, the Italian Ambassa  
dor. The first protests against the  
duty on Italian oranges and lemons  
which, he said, would prove very dis  
astrous to the Italian fruit growers. The  
second is against the proposed duty on  
canned fruits which the manu  
facturers of Leghorn say would  
destroy their market in the United  
States.

In a third communication, Baron  
Fava speaks of a letter of the Secre  
tary of Agriculture, in which he refers  
to a ministerial decree of the United  
States. This decree required a con  
sular visa for certificates of origin,  
issued by American authorities and  
accompanying shipments of meat.  
Baron Fava informs the State Depart  
ment that the question has been sub  
mitted for examination to the Zootech  
nic and Episcopic board.

The Ambassador adds: "His Majesty,  
however, desires to perform a friendly  
act toward the United States by  
frankly forwarding it that it could in  
no case be induced to put into effect  
provisions contained in the aforesaid de  
cree, in accordance with the desire ex  
pressed by the Department of Agricul  
ture, if the United States should per  
sist in retaining in the new customs  
tariff the exorbitant duties which I  
have the honor to call Your Excel  
lency's attention to in my preceding  
written and verbal communications."

The Turkish government protests  
against the duty of \$1 per pound on  
dressed opium, and says the tariff can  
not be for the purpose of protecting  
a home industry. He thinks the revenue  
of the government would suffer, but  
says that the duty of \$1 per pound, the cost  
of the drug used for medicinal pur  
poses would be greatly increased to  
the consumers.

The Minister of Switzerland says  
that the new tariff will be disastrous to  
three principal industries of Switzer  
land—Swiss embroideries, silks, watches  
and clocks. He says his government  
appeals to the sentiments of friend  
ship and equity of its sister repub  
lic. He submitted that the Swiss gov  
ernment desires to see the tariff col  
lided with and was instantly killed by  
a carriage, a shaft of which pierced his  
heart.

A Cyclist Killed.  
NEW YORK, Aug. 1.—Charles Scail  
ling, aged 21, while riding a bicycle  
near Rahway, N. J. today collided  
with and was instantly killed by a  
carriage, a shaft of which pierced his  
heart.

Doollittle Laid to Rest.

ing the sermon.

Shipwrecked Sailors.  
NEW YORK, Aug. 1.—Among the  
passengers who arrived today per the  
Clive-line steamer New York from  
San Domingo, was Capt. Hall and six  
shipwrecked sailors of the American  
schooner Belle Hooper, which was lost  
July 8 on Silver Cape, sixty miles  
northeast of Macoris, and became a  
total loss. The crew were obliged to  
abandon the vessel and take to the  
boats and were picked up by the  
Norwegian steamer Bratten and landed  
at Macoris, where they were sent home  
by the United States Consul.

[BY ASSOCIATED PRESS WIRE.]  
KANSAS CITY (Mo.) Aug. 1.—All  
Kansas City and vicinity sweltered  
again today through the third suc  
cessive day of 100 deg. heat. The Gov  
ernment Weather Bureau reports show  
100 deg. and over from 2 p.m. until after  
4 p.m., when 102 deg. was recorded.  
At 7 o'clock this evening it was 95.

Throughout Kansas the same condi  
tions prevail as the reports as to the  
condition of the corn crop are very  
gloomy. Hot winds are general  
throughout the State, and in the south  
ern and western parts where rain has  
been needed for many days, farmers  
are losing hope. Several localities in  
the southern part of the State report  
farmers are cutting their corn to pre  
serve it for fodder.

DAMAGED CORN CROP.  
TOPEKA (Kan.) Aug. 1.—Reports as  
to the damage to the corn crop in Kan  
sas, Oklahoma and the Cherokee Strip  
as a result of the drought and the hot  
winds are pouring into headquarters of  
the Santa Fe and Rock Island roads  
here, which lines practically cover the  
State. A summary of these reports in  
dicates the condition to be as follows:  
In Oklahoma it is estimated that the  
damage will amount to 20 per cent.  
The damage in Southern Kansas, east  
of Winfield, is slight, upland fields be  
ing the only ones hurt. West of Win  
field the damage is estimated at 50  
per cent. Along the Santa Fe for 100  
miles west of Emporia on the main line  
60 per cent. damage has been sustained.  
The Hutchinson branch to Kinley re  
ports 40 per cent. damage. From McPhe  
erson north to the Nebraska line and in East  
ern and Northwestern Kansas the rail  
road reports state that the crop has  
not been seriously injured. It is es  
timated that the damage to the crop gen  
erally throughout the State of Kansas,  
Oklahoma and the Cherokee Strip is  
about 25 per cent. Railroad officials  
here state that if the hot winds con  
tinue two days longer the damage will  
amount to 60 per cent.

TERRIFIC THUNDERSTORM.  
LEAVILLE (Col.) Aug. 1.—There  
was a terrific thunderstorm here today  
and several casualties are reported.  
John Nethery, a teamster, was almost  
killed by lightning and William Hart  
mant severely injured. A number of  
horses in a barn were shocked and re  
mained unconscious for some time.

HOT AT ST. LOUIS.  
ST. LOUIS, Aug. 1.—Ninety-eight  
in the shade was registered by the  
Weather Bureau thermometer at 4  
o'clock this afternoon. This was the  
hottest day in the city since the begin  
ning of the season. On the streets where  
the full force of the sun's rays was  
felt, the thermometer showed 100 and  
over. There is only a few degrees  
cooler. There were violent prostra  
tions today, the most serious being  
Hermann Moss and Arthur Guarners.

WARM AT LOUISVILLE.  
LOUISVILLE, Aug. 1.—The temper  
ature in this vicinity took a sudden  
turn today. The thermometer regis  
tered 76 deg. and it gradually rose  
until at 3:30, 100 was reported. In the  
evening a good breeze sprang up,  
causing the mercury to drop 17 deg.  
No prostrations are reported.

FLOODS IN AUSTRIA.  
Danube and Other Rivers Continue  
on the Rampage.  
[BY ASSOCIATED PRESS WIRE.]  
VIENNA, Aug. 1.—There is no abate  
ment of the floods in Western and Up  
per Austria. The Danube continues to  
rise and the danger is very great. At  
Linz, 100 miles west of Vienna, and  
at Marchegg, 50 miles west of Vienna,  
has been done to property. A heavy stone  
bridge at Linz has been partly demol  
ished.

A cloudburst is reported from Bud  
weis, Bohemia, on the Moldau, and  
there has been extensive flooding in the  
outskirts of Ischle, a fashionable wa  
tering place.

The visit of the Emperor Francis Jo  
seph to Baden and the proposed jour  
ney of King Alexander of Serbia from  
Belgrade to Vienna have been stopped  
by the floods.

RACE RIOT IN TEXAS.  
White People Objected to the Em  
ployment of Negroes.  
[BY ASSOCIATED PRESS WIRE.]  
ORANGE (Tex.) Aug. 1.—News  
reached here today to the effect that  
a squad of negroes who had been work  
ing on the Kansas City, Houston and  
Galveston Railroad near Westlake, La.,  
had been transferred to the stone  
quarry near Thibodaux. The white  
people of the neighborhood objected to  
the negroes being employed at the  
quarry, and last night at midnight a  
pitched battle occurred between the  
whites and negroes. Two negroes were  
mortally wounded and several others  
less seriously shot.

An Old Miner Falls Off a Porch at Yuma and Receives Fatal Injuries—J. J. O'Brien & Co.'s Creditors.

## [BY THE TIMES SPECIAL WIRE.]

SEATTLE (Wash.), Aug. 1.—[Special Dispatch.] Through the steamer Al-Ki brought news of passengers from Klondike, who brought news that the summer season of prospectors who expect to cross Chilcoot Pass this month. Cold weather is fast approaching, and already the first snow has fallen on the mountains near the Dyea trail. The cold breath from the snow and ice is being felt. At present it costs \$100 to have a pound of freight packed over the divide from Dyea. An officer on the Al-Ki said to a correspondent: "It will cost 30 cents when the crowd we passed gets there."

There is no poetry in this statement. One man reached Dyea early in the season and he managed to get 3000 pounds over the divide in one day, but it cost him \$500.

## JUNEAU NEARLY DEPOPULATED.

SEATTLE (Wash.), Aug. 1.—[Associated Press Dispatch.] The steamer Al-Ki arrived in port this morning. She brought forty-five passengers from Juneau, Sitka and Fort Wrangle. Her freight was light. Her officers report having left a large colony at Dyea, all the members of which were in the best of health and spirits. The steamer brought no information from the interior. Juneau is fast becoming depopulated. Stocks of goods have been reduced by the purchases of those leaving for the Yukon, so that it would be difficult to secure an outfit.

## RETALIATION DEMANDED.

SAN FRANCISCO, Aug. 1.—Merchants of this city who have profited by the Klondike excitement are considering seriously the advisability of communicating with the Treasury Department in Washington, asking for a reduction of the duties on the Canadian tariff. It has been estimated by many of them that nearly a million dollars have been expended within the last few weeks in this city in the purchase of supplies and outfits for the Alaska mines.

Since the news was published that the Canadian government had imposed a high protective duty on all things coming across the border, and would send a force of mounted police to collect the duty, there has been a marked falling off in purchases.

No definite plan has yet been decided upon by the projectors, except that they complete holding a meeting Monday with a view of securing the assistance of the Chamber of Commerce and Board of Trade in furthering the movement. It is thought that the popular sentiment throughout the country will result in substantial assistance from other States, and that the Canadian tariff, if it has been estimated by many of them that nearly a million dollars have been expended within the last few weeks in this city in the purchase of supplies and outfits for the Alaska mines.

Admiral Miller Throws Out Some Hints About His Trip.

[BY ASSOCIATED PRESS WIRE.]

SAN FRANCISCO, Aug. 1.—Rear Admiral James N. Miller, who has been ordered to Honolulu in command of the Pacific Squadron of the United States navy, vice Rear Admiral L. A. Beardslee who has been assigned to duty as president of the examining board which will examine the Hawaiian Islands, arrived from the East this evening. Admiral Miller and the two officers who accompany him will depart for Honolulu on the steamer China, which leaves here on Thursday of this week.

When seen this evening Admiral Miller chatted with a view of his trip and naval matters in general, but was disinclined to discuss Hawaiian affairs. "That would be improper and indelicate in me," he said. "All that I can say is that I am going to Honolulu to assume command of the Pacific Squadron. I have been in the Hawaiian Islands for some time, and I am familiar with the matter of which I am not at liberty to speak. I might say, however, that one who familiarizes himself with naval matters would not have much difficulty in making a pretty good guess."

## O'BRIEN'S CREDITORS.

Yuma, Ariz., Aug. 1.—[Special Dispatch.] The creditors of J. J. O'Brien & Co., who have been in the city for some time, are considering the advisability of communicating with the Treasury Department in Washington, asking for a reduction of the duties on the Canadian tariff. It has been estimated by many of them that nearly a million dollars have been expended within the last few weeks in this city in the purchase of supplies and outfits for the Alaska mines.

## HIGHBINDER WARNING.

Dying Day of Christianized Celestials Surely at Hand.

[BY ASSOCIATED PRESS WIRE.]

SAN FRANCISCO, Aug. 1.—The highbinder of Chinatown are getting poor and they blame the Chinese Society for English Education for some of their poverty. That is the reason they wrote this letter: "Lately having learned that the Chinese Society for English Education has retained an attorney to prevent Chinese women from landing, and have made efforts to deport them to China, there is in consequence of this a great loss of our blood money. As you are all Christianized people, you should do good deeds, but if you keep up this work the lives of your people will not be able to live longer than this present month."

"You say that is surely on hand."

To this is appended the names of the men whose blood will be spilled: Dear Woo, Lee Hem, Ong Ling Foon, Ching Fong, Chin Ming Sek and Hoo Yee Him.

The doomed men are prominent merchants and interpreters, most of them connected with the Chinese missions here. It is said that others are also doomed, and that twelve highbinder have been brought from Sacramento, San Jose and Los Angeles to do the work.

The English educational society will continue its work in this city notwithstanding the threat. The members are inclined to regard the letter as the work of Quan Lem, the partner of the late "Little Pete."

An Old Miner Sustains a Fatal Fall at Yuma.

[BY THE TIMES SPECIAL WIRE.]

YUMA (Ariz.), Aug. 1.—[Special Dispatch.] James O'Boyle, an old-time Arizona miner, fell from the second story piazza of Modest's block last night at 12 o'clock and sustained injuries which were fatal. He died this afternoon. O'Boyle had been drinking very heavily of late, and was in a drunken stupor last night when he got up and walked off the porch. He fell a distance of twenty feet and hit with one leg under him. The limb was broken and he sustained internal injuries. O'Boyle was well known in this section, having worked in the mines of Yuma county for the last three years. He left a widow and family at Bisbee, Cochise county.

MURDERER BUTLER'S RELATIVES WOULD NOT HELP HIM.

The Fiend Was Well Connected in England, But Always a Black Sheep—He Died Remorseful and an Unbeliever.

[BY THE TIMES SPECIAL WIRE.]

VANCOUVER (B. C.), Aug. 1.—[Special Dispatch.] The steamer Miowra brings details of Murderer Butler's life after his trial and sentence to death at Sydney. It seems he made many attempts at self-destruction. Latterly he was kept in a straight jacket day and night. Butler's real name is John Newman. He has three brothers holding responsible positions in England in public offices, and John Newman was regarded from his youth as the black sheep of the family. The condemned man's relatives were aware of his position and had frequently endeavored to induce him to reform at an early age he ran away from home and for considerable period nothing was heard of him.

The letter bears out in a number of particulars the story told by Butler to press representatives of San Francisco. His relatives, after learning of his fate, did not care to correspond with him and made no attempt to engage lawyers to make his last days easier for him. They did not even write to the wretched son and brother, but left him to his fate. Butler's relatives were very intelligent and had a good education. Toward the last he suffered keenly from remorse, but was atheistical.

## Desperate Attempt at Suicide.

CLEVELAND (O.), Aug. 1.—Thomas Cushing, a molder, aged 33, this afternoon stood before the mirror in his room, a boarding-house, and cut his throat with a razor. When taken to the operating-room on the third floor of a hospital, he made a rush for a window and threw himself out, falling fifty feet to the roof of the engine room. His body crashed through the skylight, struck an iron bar and rolled to the floor. Cushing is still alive, but it is believed he will die.

An Arrangement of Cards That Almost Surpassed Belief—The Story Authenticated by Many of the Passengers.

## [BY THE TIMES SPECIAL WIRE.]

NEW YORK, Aug. 1.—[Special Dispatch.] A poker story, soberly authenticated, and as all concerned admit, needing no to be, came into port today on the Hamburg-American steamship Columbia. It is attested, not only by the signatures of five players themselves, but nearly a quarter of the men of the first cabin passenger list, hands, etc., and are willing to stake their reputations on the facts of the case. And, finally, Capt. Vogelsang thought the incident of such importance that he had a limited edition of the declaration of the players struck off on the ship's printing press, in order that copies of it might be put among the archives of the company. The declaration is as follows:

"We, the undersigned passengers on board the Columbia, while engaged in the game of draw poker, saw a new deck of cards passed to the dealer by the steward. The stamp was intact, and after being shuffled, cut and dealt, the following remarkable fact occurred: The first man opened the pot; the second, third, fourth and fifth raising in turn. Cards were drawn, one each by the first, second and third men, the fourth and fifth standing pat. On call the completed hands were as follows: The first man had a six full on cards, the second man a nine full on cards, the third man an eight full on cards, the fourth man a nine full on cards, and the fifth man a ten full on cards. Respectfully submitted to the unbelieving public as a truthful poker story.

"J. SELIGMAN, Los Angeles.

"C. DEWITT WILDE, New York.

"ALEXANDER J. MEYER, Richmond, Va.

"LOUIS MULLER, New York.

"CHARLES STEPP, San Francisco.

"I was a witness to the same and certify to the truth of the above.

"J. A. FLETCHER.

"Publisher Placer Herald, Auburn, Cal."

It was Monday afternoon the big hands were dealt. As he gathered up the cards Muller said: "These cards are getting pretty gummy. Here, steward, bring us a new pack." The steward brought a new pack, still sealed, and handed them to Stepp. He broke the seal and then shuffled the cards seven or eight times. Then he handed them to Muller to cut. Between him and Muller sat Fletcher, secretary of the California State Board of Trade. He was able to see all that was going on. Muller cut the cards and Stepp dealt them out. It was a quarter-limit and the pot, which was a jack, was small. The inquiries of each player to top each raise, however, drew a big crowd around the table, and the pot ran up to \$100. The winner of the game, said: "This is only a friendly game, and we don't want to get too much money in the pot, so I'll call."

Seligman looked sorrowful and laid down three times and two aces, and put his hand toward the pot. "Hold on," said Wilde, and he threw down three sevens and two deuces. There was a gurgle from Meyer. He slammed his eight full on the table, exclaiming: "If this don't beat the devil, I don't know what will. I've won two steamer pools and I've got this pot. Look at that hand."

"What have you got, Muller?" asked Stepp, the dealer.

"I've got nines full on fours," Muller replied, putting down his cards.

"And I," said Stepp, "have got tens full on fives."

There was an expressive silence in the saloon. All eyes were turned on Stepp, who was pale and agitated. Finally he spoke. "Gentlemen," he said, "I won't take the pot. I protest the deal was square. You saw me break the new pack of cards, shuffling them above board. You saw Muller cut them and we dealt them; but such a lot of hands I've never seen in my life."

Finally every man in the smoking-room was called up to see the hands as they lay on the table, and at the same time the weapon was discharged, and the ball entering the head of another negro in the crowd, resulting in his death in a few hours later. The shooting created a stir among the negroes, and for a time it looked as though there would be a riot.

## Gov. Hastings's Candidacy Causes Him no Uneasiness.

[BY ASSOCIATED PRESS WIRE.]

PHILADELPHIA, Aug. 1.—Senator Quay, who has been at Atlantic City for the last few days, was stirred today by the announcement that Gov. Hastings would shortly come out as a candidate for United States Senator. The information, it is said, came to the latter from a friend close to the Governor. Senator Quay admitted having heard of Gov. Hastings's alleged proposal, but said he felt no alarm over it. As an evidence of his feeling of security of being returned to the Senate, he said he proposed to leave for San Francisco for a long trip among the Solomon and Samoa islands and Australia, returning to his home in April next year. Previous to his departure the Senator will spend a few weeks in Florida.

## Big Hay Crop.

CANAJOHARIE (N. Y.), Aug. 1.—Reports received from the New England and Western States by the Hay Trade Journal show the conditional average of the hay crop to be 94, but the whole country is showing the largest crop in many years. On this account it is thought there will be a large advance in the national hay market. The crop is being held in Pittsburgh on the 10th, 11th and 12th of this month.

The company offers the men work at cut wages, but they refused to accept the proposition and decided not to depart from their stand.

## THE PRESIDENT'S OUTING

SUNDAY DEVOTED TO CHURCH AND RECEIVING VISITORS.

Will Review Troops at Fort Ethan Allen and Bluff Point During the Week—Whitlaw Reid Invited to Visit the President.

[BY ASSOCIATED PRESS WIRE.]

HOTEL CHAMPLAIN (N. Y.), Aug. 1.—President McKinley attended church in Plattsburgh this morning. The handsome Methodist Church was crowded. The President drove to the city in company with Mrs. McKinley, private secretary and Mrs. Porter. A number of people shook hands with the President as he came out. After luncheon the party took a short drive.

During the afternoon the President received a committee from Troy, who asked the President to attend a reunion of the Army of the Potomac on August 19. The President did not give a definite promise, except that he would attend if possible.

Congressman Foote of this district, and Congressman Southwick of Albany, who are on Lake Champlain on Mr. Foote's yacht, also called to pay their respects.

On Wednesday the President and the Secretary of War reviewed the Third Cavalry at Fort Ethan Allen. Tomorrow morning the Twenty-first Regiment will march to Bluff Point and review the cavalry commander-in-chief, President McKinley.

## WHITLAW INVITED.

NEW YORK, Aug. 1.—The President, on learning of the arrival of the jubilee ambassador, Whitlaw Reid, telegraphed an invitation to himself and wife to make a visit to Mr. and Mrs. McKinley at their country retreat, Lake Champlain, beginning next Saturday. Later Mr. Reid will visit Mr. Sherman, the Secretary of State.

One of the guests at the White House on Saturday was W. Parsons of Australia, W. W. Hamilton, Walter Sanger, J. C. Tinkhorn and others. The prominent athletes in all parts of the world have also entered for the two days' racing.

The veterans of the L.A.W. will have a meeting on Saturday night, which will be followed by a banquet. On Sunday morning the meet will close with an excursion to Atlantic City and a large contingent will make the run on bicycles.

## MARITIME SPORT.

New York Yacht Club's Cruise Will be a Memorable One.

[BY ASSOCIATED PRESS WIRE.]

NEW YORK, Aug. 1.—Unless all signs fall the fifty-third annual cruise of the New York Yacht Club, beginning tomorrow at Glen Cove, the place of rendezvous will be the most interesting one of a spectacle, and the most interesting one from a sporting standpoint, that this famous organization has ever enjoyed. At sundown tonight, lying in the harbor at Glen Cove, the fleet of 100 yachts, which will assemble there tomorrow to prepare for its first day's squadron cruise, which is to be from Glen Cove to Huntington.

At 11 a.m. tomorrow there is to be a meeting of captains on board the flagship Corsair, Commodore J. Pierpont Morgan, to decide what time the start shall be made, and to settle some of the minor details of the cruise.

Tomorrow's races will be particularly interesting by reason of the value of the prizes offered by Vice-Commodore Ledyard, and because of the array of crack boats that will start in the race.

In the schooner class, the famous two-stickers, Colonia and Emerald, will have a new rivalry for speed and honors, the new schooner Hildegard, built for George W. Weld of Boston. It will be her maiden race, and the result will be watched with interest.

While the squadron runs every day will be full of interest, the three principal events will be tomorrow's race, the Gold Cup, on August 5, and the race from Vineyard Haven to Saddle Rock, near Rockland, Me. The start tomorrow will be made about 10 p.m., and thirty-yachts will be sent away on one-gun start. The sloops will be sent away next and the schooners last. The programme for the cruise after tomorrow will be governed somewhat by the weather, and the intention is to sail on Tuesday morning for New London, unless there should be wind enough to get there when the fleet will stop at Morris Cove at the entrance to New Haven Harbor. On Wednesday they are to race from Morris Cove to the fleet will sail for Vineyard Haven, and on Saturday morning they are to leave there noon, after daylight for the ocean race to the eastward.

TAMPA, Aug. 1.—The stories telegraphed from Havana last week about an attack by insurgents on the suburbs of that city are confirmed by passengers who left Havana on the Plant Steamer Mascota and arrived here tonight. Among the passengers were Calbaier, a wealthy Spaniard, and his wife and daughter, who are now to be reckoned among the refugees who have fled from Havana. The attack referred to was made on the little village of Manzanaro, about eighteen miles southwest of the city, and the terms of the antiquated and dilapidated Manzanaro railway.

Señor Calbaier was an eye-witness of the attack. He says that the attack was led by Juan Delgado and Hernandez. The insurgent chiefs left 500 of their troops outside of the town and carried 300 into the city. They were well armed with dynamite and rapid-fire guns, and met with but slight resistance. The engagement was short and desperate.

Forty-nine of the Spanish troops were killed and 120 wounded; two Cub

### AMUSEMENTS TONIGHT.

ORPHEUM.—Vaudeville.  
SPECIAL MINING NUMBER.

At an early date *The Times* will publish an elaborate, carefully prepared and informing issue devoted to exploring the rich mining fields lying in the great Southwest, in almost every direction from the city of Los Angeles, which is the natural commercial metropolis and mineral entrepot of this east region. The forthcoming Mining Edition will contain a volume of valuable and timely information about the yielding and paying mines, as well as about the more promising of the prospects in various mineral localities. The aim will be to give correct and reliable information in every case, with a view to promoting the mining industry as a legitimate pursuit. Further information about this timely publication may be obtained at the office, together with terms of advertising and prices of the paper in bulk.

### HOME PRODUCTS.

The decision of the Merchants' and Manufacturers' Association to make a specialty of home production, in accordance with a suggestion recently made by *THE TIMES*, is an excellent one. As *THE TIMES* has frequently said, it is of little use to talk and write about encouraging the establishment of factories, here and in other cities of Southern California, so long as those running manufacturing enterprises are discouraged by the lack of patronage which they receive from our citizens. The Merchants' and Manufacturers' Association proposes to wage an active and systematic campaign for the purpose of inducing all residents of Southern California to give the preference, wherever such is possible, firstly to products of the seven southern counties; secondly, to products of California; thirdly, to products of the Pacific Coast, and after that to American products, whenever they can possibly be obtained at or near the quality with foreign-made goods.

In spite of the great increase that there has been in local production during the past few years, it is quite surprising to glance along the shelves of a local grocery house and note what a considerable proportion of the articles of daily consumption are still imported from the East and Europe. It is true that appearances in this case are sometimes deceptive. For instance, some of the canned sardines which bear a French inscription are probably packed in San Pedro, this concession having to be made to the section of the public which believes that nothing good can come out of Nazareth. Apart from this, however, there are carloads of products still imported from the East and abroad which might easily be manufactured here, or are at present manufactured here on a small scale.

It is for the purpose of encouraging an increased consumption of such products that a committee of the Merchants' and Manufacturers' Association has been appointed. No attempt will be made to boost any particular brand of goods, but an attempt will be made to impress upon citizens the desirability of giving all possible support to home industry. It may safely be asserted that if the people of this city would consume those products now imported, and which may easily be produced here or are now produced here, the population of the city might be doubled within a couple of years. Certainly this is something worth trying for.

Mr. Debs is trying to explain to a listening world just what sort of a thing his social democracy is, but so far any clear idea of it is hardly obtainable. As near as we can understand it, however, it is a cross between Populism and socialism with enough Debsism injected into it to queer the whole shooting match.

The gentle Mazamas who climbed to the snowy summit of Mount Tacoma the other day, are able to have a feeling in common with Mr. Peary and Herr Andree. The ones who succeeded in getting back from the frigid trip are also able to sympathize with the man who was kicked by a mule; they may not be as handsome as they were but they know more.

A charming actress who played the role of "Tribby" here a while back, has been bitten by a rattlesnake, Lucky snake.

A Mr. Collar of Iowa was recently killed by the heat and upon the necks of the despairing populace there were others.

### THE SEASIDE RESORTS.

The competition for public patronage between the various seaside resorts of Los Angeles county grows more keen every year. A new resort has been added to the list this year in Terminal Island, which has already become quite popular. A few years ago, when a majority of those who visited these resorts used to drive into the country and camp on the beach, the requirements of the visitors were quite simple. Now, however, that visitors come from all over the country, and, indeed, from all over the world, including those who are acquainted with the most attractive resorts of this country and Europe, more is expected in the line of improvements, diversions and devices to make the time pass quickly and pleasantly. There is yet room for a considerable amount of improvement in this line at most of the seaside resorts of this county. There is too much disposition manifest to be content with what nature has done. A little money expended in the laying of dust, the creation of shady walks and drives, the laying out of a few small parks, and the providing of good music once or twice a day during the season, would often go far in deciding the choice of those who are wavering between the various seaside places.

### A GOOD FIGHT WELL WON.

Invitations have been issued to a celebration which is to be held in Riverside on Tuesday, in honor of the Executive Committee of the Southern California Tariff Association, its committee at Washington, the officers of the Los Angeles Chamber of Commerce, and co-workers for a protective duty on citrus fruits.

The successful prosecution of the contest for a fair duty on citrus fruits by Southern California furnishes an excellent example of what may be accomplished in a just cause by co-operation, determination and tireless perseverance. The fight made by the Southern California people has been the subject of many complimentary remarks in the papers of Northern California and of Washington. What has been gained by the adoption of the new tariff is shown by the statement that on the crop of Southern California for the coming season, which will be about 3,600,000 boxes, the tariff means a protection of \$2,520,000 to the growers. The main credit for this achievement is due to the Executive Committee of the California Citrus Growers' Tariff Committee, consisting of F. Q. Story, E. F. C. Klokke, and T. H. B. Chamblin. At Washington effective work was done by the delegation sent there on behalf of the tariff committee, consisting of M. J. Daniels of Riverside, H. K. Snow of Tustin, B. F. Allen of Covina, and ex-Congressman James McLaughlin. These delegates were all backed up in Los Angeles by the Chamber of Commerce, and in Washington by Senators Perkins and White, the latter doing his best for an adequate tariff on Southern California products, although he did not approve of or vote for the tariff as a whole.

The horticulturists of Southern California have reason to be proud of the success which has crowned their efforts in this direction. It should encourage them to cooperate for the common good whenever their interests are at stake.

If the situation between England's colonies and the mother country isn't approaching the straining point there is nothing in appearances. Why a great country like Canada should continue to be a bob on the tail of the English kite has always been a mystery to citizens of the United States. That it will not always continue as it is now is as certain as any other fact in the world. When the Canadians break loose from the aprons of the widow of Windsor it will be a great country. At present it "cuts no ice" as a nation, and its development is extremely slow. As part of the United States or as the republic of Canada the possibilities of its greatness are unlimited. Signs of revolt are in the air.

Redlands, not satisfied with supplying us with fruit so seductive that it makes a man who is broke want to rob a fruit stand, is now going to pump the wires around town full of juice that runs cars and makes electric lights twinkle. Great country up there at Redlands, and a great people. May the sun continue to shine on their beautiful orchards and the waters to flow until every one of them is worth a million dollars and fifty cents.

The Chicago Inter Ocean notes the very patent fact that "the Pacific Coast has got to feed and clothe the

residents of Alaska, and if the gold fields pan out as promised a large part of the wealth will drop into the pockets of Pacific Coast producers."

And now the medical sharps are saying that there are microbes in ice cream. This is a bit of information that young gentlemen who are given to the girl habit should afford the widest possible publicity.

Mrs. Lease should be informed of the adage that "uneasy lies the head that wears a crown" costing \$20,000. But Mary, being a Populist, could probably lie easy even if she had a crown on her head and one on each foot.

Two negroes were hanged in the South on Friday last, not by the edict of Judge Lynch. This is so out of the ordinary that the world should make a note of it.

Rider Haggard's latest novel is called "The Swallow." It will doubtless be followed by a sequel entitled the "Homeward Fly."

## The Playhouses

ATTRACTIONS TONIGHT. Another bill that promises to draw on the space for standing room is announced at the Orpheum for tonight. It includes the Eugene Comer, who is called the star par excellence of descriptive singers; Harry Le Clair, female impersonator and comedian; Baby Lewis, who is billed as an "infant phenomenon"; Lew Dockstader, the peerless black-faced comedian, in a new comedy of songs and witticisms; Eckert and Berg, the dramatic duet; Perry and Burns, the Siberian stars; Smith and Fuller, the great novelty musical team; and Lillian Perry, the bright and winsome dancer. The bill goes all the week with the usual matinees Wednesday and Saturday evening.

COMING ATTRACTION. The sale of seats begins at the box office of the Los Angeles Theater this morning for the engagement of Charles H. Yale's famous spectacular production, "The Twelve Temptations." The first performance will be given on Thursday evening.

### REDLANDS.

Serious Charge Against a Rancher and a Ranch Hand.

REDLANDS, Aug. 1.—[Regular Correspondence.] Two complaints were sworn to by Justice R. Baker's court late Friday afternoon, charging George H. Mosley with rape, and another charging Richard Broadfield with attempted rape. Horace Harrell, colored, is the complaining witness, and his thirteen-year-old niece, Helen Talley, very much colored, is the alleged victim in both cases. Mosley's offense, alleged to have been committed on July 25; that of Broadfield one day later. The scene of the trouble is located a couple of miles from town in the direction of Crafton. The Talley girl had been staying at the home of a family named Ward, whose place adjoins Broadfield's home and ten-acre tract. Near by is T. L. Lyon's home place, where Mosley is employed as a ranch hand. The Talley girl delivered milk to the neighbors, and it was during some such expedition to the Lyon ranch that Mosley, who will be 21 years old next week, is alleged to have committed the assault. The well-to-do rancher, Broadfield, a well-to-do rancher, has passed the half-century mark, is alleged to have attempted a similar assault.

Warrants were issued for the arrest of the defendants, who were brought before Justice Baker. They pleaded not guilty and the bail for each was fixed at \$500, which was promptly forthcoming. The time for the hearing has not yet been set.

REDLANDS BREVIETTES.

Charles F. Bailey has applied for letters of administration on the estate of William E. Lockwood, valued at \$100,000, which was promptly granted. The city valued at \$100,000, the balance being personal property.

Rev. Edward G. Palmer of Rochester, N. Y., preached Sunday morning and evening at the First Congregational Church.

Rev. W. F. Harper will start this week on his annual vacation. He is leaving for San Francisco, where he will be visiting the family of his uncle, Dr. A. Richmond.

The directors of the Laguna Water Company completed arrangements for the piping of their system at a meeting held Saturday.

An additional force of 100 men will be put at work this week on the Southern California Power Company's tunnels in the Santa Ana Canon near Camp Phelan.

Orlin Clark died Friday at the residence of his son, Jay D. Clark, on Grand street. He was 56 years of age, and died of pneumonia. He was buried at four o'clock. Death resulted from pneumonia. Another son, Will D. Clark, lives in Redlands. The funeral will take place at 2 o'clock Sunday afternoon from the Methodist Episcopal Church, where the services will be conducted by Rev. E. J. Niwoul.

C. J. Rohrer and wife (the Misses) left Friday for Catalina. They will be absent about a week.

Will H. Bryan will spend Sunday at Bluff Lake.

E. S. Libby has sold for Mrs. N. S. McCabe, executrix, twenty-five acres of orange land in the Williams tract to Dr. C. S. Lombard. The consideration is not stated. The land is situated on the San Gabriel River, and is being sold for a month's stay at Long Beach.

Corp. Eugene Forrest and Private Ford, Margrave and Fred Sumner, of Co. G, have been detailed by Capt. Underwood to go to Santa Monica Monday to attend to encampment preliminaries.

### VENTURA COUNTY.

Numerous Burglaries Attributed to a Gang of Tramps.

VENTURA, Aug. 1.—[Regular Correspondence.] Telegraphic orders are being received daily for all kinds of beans, with the exception of Lima, and buyers are also scouring the country in all directions. The demand is principally for colored varieties for immediate shipment to Alaska before the winter sets in next month. They are also stiffening in price, owing to the great and sudden demand. The steamer Tillamook, Capt. Hansen, arrived here last evening and will load a cargo of beans to be taken to Port Costa, to be shipped from there to the far North.

The old soldiers here are preparing to attend the G.A.R. encampment at San Diego next week.

The victims of the recent numerous burglaries at Santa Paula are the Lay Bros. dry goods store; Metcalf & Givens' hardware store; Gutman's bakery, and the residence of Charles Steet, the plunder taken being pocket

knives, razors, revolvers, etc. As there are a number of hobos camped on the creek near town, suspicion is directed to them, and there is talk of severe measures being adopted to induce them to move on.

On Friday last the steamer South Coast loaded 728 sacks of barley at Hueneme for San Francisco. The wool market remains firm.

Burglars have invaded Hueneme. At an early hour on Friday morning last they broke into the store of the proprietor, found the front door of the shop open, and a brace, sledgehammer and chain were found on the floor. A hole nearly an inch deep was found drilled into the door of the safe near the combination knob.

Make was celebrated at the old Mission Church at 8 a. m. today, instead of at 10 o'clock, the former usual hour. The residents of Nordhoff are delighted that they will soon be in communication with the outside world. Grant Bros., the contractors, have already given orders to ship their teams and material here, and the work will be pushed.

James McGuire, a former Ventura printer, who became weary of picking up long primer type, is now picking up golden nuggets in the Klondike.

The Supervisors have directed the clerk to advertise for bids for constructing two bridges in the Ojai district, one to be of steel, and the other a stone arch bridge.

## HAWAIIAN ADVICES.

HONOLULU HARBOR DOTTED WITH FOREIGN WARSHIPS.

American Bluejackets Subjected to Continued Persecution by the Native Police—Serious Complications Threatened—An Outbreak Feared.

[BY ASSOCIATED PRESS WIRE.] NEW YORK, July 2.—A dispatch to the Herald from Vancouver says that the steamer Miowara from Honolulu brings the following Hawaiian advice:

Honolulu harbor is dotted with British, Japanese and United States war vessels and more British and Japanese vessels are expected daily. In semi-official quarters everything is reported quiet, but the impression is that the condition of affairs is very threatening and a popular outbreak may occur at any time when international interference from ships in the harbor would occasion a complication.

The stream of Asiatic laborers is still pouring in, causing a fresh outbreak of feeling among the different factions on the islands.

An immediate cause of alarm is the fact that the United States bluejackets are bitterly hostile to the Hawaiian police, who exercise military rule. British and Japanese sailors are not molested, but American bluejackets are constantly arrested as deserters and annoyed in every conceivable way. The object of the authorities in this persecution cannot be at present fathomed.

The bluejackets are writing numerous letters to the press protesting against their treatment. Heavy rewards are offered to the police for arresting United States naval deserters, which has caused wholesale arrests of men of the American fleet. Several of the Solomon Islands by Great Britain has been received with excitement and again started the report that advice has been received from England that the United States will not be allowed to annex Hawaii, as Great Britain wants the islands herself. Americans believe that the British are being appointed to look after American interests in view of the persecution of American bluejackets by the police. They ask that the police system be taken away with as a menace to the country.

### REDONDO BEACH.

Seashore Crowded with Pleasure-seekers and Fishermen.

REDONDO BEACH, Aug. 1.—[Regular Correspondence.] An unusually large crowd arrived on the last two Santa Fé trains Saturday evening. Many of them were Los Angeles business men coming down to spend Sunday with their families at the beach, and a large number of them were mackerel fishermen coming to spend the night and to join the "corn-fed mackerel" from the wharves.

C. M. Davis of Savannah, Mo., was a visitor at the beach Saturday and engaged passage with one of the outside boats bound for the beach. He was his first experience of ocean fishing and he was the proudest fisherman that has landed at the beach since the late Mr. Rogers. He was accompanied by fifteen groupers and a mammoth skate.

Mrs. F. H. Baile, the Misses Ollie Urey and Isabel Smith of this place, and Miss Edith Whitney, a Christian Endeavorist, were on the boat. Mrs. A. Dunn of the yacht Red Bird, yesterday afternoon, and before the party returned the young ladies succeeded in landing a large number of albicore and bonito.

The steamer Corona is due to arrive Monday morning with 113 tons of mackerel and salmon, and passengers from San Francisco.

Miss Nellie Sherman of Los Angeles spent Saturday and Sunday with Miss Carrie Fields at her residence near Hotel Redondo.

Gertie Collins of Los Angeles was also a Saturday visitor in Redondo.

W. E. Dunn and wife of Los Angeles have engaged a cottage at Hotel Redondo. They will probably be here all summer.

Arrivals at Hotel Redondo include V. Winkowski, J. F. Beck, J. P. Stockdale, E. Solomon and J. P. Rogers and wife, the Misses Howard, Mr. and Mrs. F. O. and Miss Katherine Johnston, Miss Fulton, John T. Jones and wife, Mr. W. Stewart and wife, C. M. Baker and family, D. N. Van Nuy, G. D. Rowans and family, J. P. Traflet, of Los Angeles; W. A. Cravens and wife and M. Davis and wife of Savannah, Mo.; Mrs. G. B. Stimpson, Pueblo, Colo.; Mrs. Owen, Philadelphia; James H. and M. O. Adams, Jr., R. M. Furlong, Mrs. Frank and Mrs. Valerius of Pasadena.

The Saturday-night hop at Hotel Redondo was the most pleasantly arranged social function of the season, and the large hall was decorated with carnations and La Fleeta colors, was crowded with dancers all evening.

### Died in the Street.

SHEBOYAN (Mich.) Aug. 1.—William Malinowski, a well-known business man and chairman of the Republican County Committee, was found dead on the street this morning. While walking to his home he was stricken with apoplexy. His body lay in the driving rain all night and when found was hardly recognizable.

### A Centennial Celebration.

MORRISTOWN (N. J.) Aug. 1.—Mrs. Christina French celebrated her 103rd birthday at her home here today. In honor of the event there was a family reunion.

### Dr. Curtis's New Job.

GENEVA (N. Y.) Aug. 1.—Dr. C. Curtis of the faculty of the University of Geneva has been appointed professor of chemistry in Hobart College.

## IN THE OLD WORLD.

NEW DEPARTURE IN ENGLAND'S TRADE RELATIONS.

Abrogation of the Treaty with Belgium Said to be a Triumph of Free Trade.

THE BELGIANS ARE SATISFIED.

FRANCE AND GERMANY ARE NOT PERTURBED.

Severe Fighting in South Africa. The Indian Revolt—Turkish Peace Negotiations Still in Progress.

[BY ASSOCIATED PRESS WIRE.]

LONDON, August 2.—The renunciation by Great Britain of the commercial treaties with Belgium and Germany is the theme of discussion in the European newspapers. The Chronicle says: "It is the triumph of free trade on a great and imperial scale. It is a curious coincidence of fate that it should be the work of a ministry permeated by the fallacies of protection."

Discussing the effect of Great Britain's action upon the United States and Germany, the Chronicle expresses the opinion that the former will certainly not be the gainer, while Canada cannot lose by the new condition of affairs.

Other papers express similar opinions. All are agreed that a great step has been taken which will bring England nothing but gain. It has been a long time since an important act of the government has met such universal approval in Great Britain.

The chief Belgian organs receive the announcement without protest. Belgium annually exports to England £3,000,000 more than she imports. It is not likely, therefore, that the government will place any obstructions in the way of the proposed treaty.

The French press displays undisguised satisfaction at the prospect of a tariff war between England and Germany, a conflict in which it cannot but derive advantage.

A Meline paper, the *Republique Francaise*, regards Great Britain's act as a corroboration of the principles of protection and predicts a general rise of European tariffs against British and colonial products.

The German papers, on the contrary, maintain comparative calm, with the expression of a few of the extremist order. Greater anxiety is felt as to the possible means of the British colonies in favoring a protection policy with reference to sugar, in which Germany is strongly interested.

The Liberal newspapers accuse the Agrarians of being largely responsible for "this blow at German trade," and argue that Canada, finding her products excluded from other countries, will retaliate by raising the tariff on agricultural products in Germany, decided to be prepared for all eventualities.

### BERLIN COMMENT.

BERLIN, Aug. 1.—The *Kreuz Zeitung* says that the denunciation of the commercial treaty with the German Zollverein is Great Britain's first step toward the protectionist system, and adds: "But there is no ground for serious alarm, because Germany has her carrying trade to protect, and retaliation to fear. Moreover, a one-sided preference shown to Canada might provoke a conflict with the United States."

The *National Zeitung* says that Great Britain is herself the nation most interested in the conclusion of a new treaty, as Germany may gain much by skillful, cold-blooded diplomacy.

The *Vossische Zeitung* says: "So far as Germany's relations to England are concerned, it is a matter of indifference whether we have a treaty or not." The *Berliner Tageblatt* says: "Great Britain's intention to join the other country and the colonies in customs union will not induce her to restrict British trade with Germany any further than is necessary to attain this object."

"The three last-named papers all agree that it is quite out of the question for England to adopt protection."

READY FOR A NEW TREATY.

BRUSSELS, Aug. 1.—The *Montreuil* officially announces the fact that Great Britain has renounced the commercial treaty with Belgium, but adds that the British government has intimated its readiness to negotiate a new treaty.

### FIGHTING IN AFRICA.

Portuguese Claim a Great Victory. British Succeed.

[BY ASSOCIATED PRESS WIRE.]

LISBON, Aug. 1.—Official dispatches from Lorenzo Marques, South Africa, confirm the reports of recent fighting between the government troops and rebellious natives in Gazaland.

The battle took place on the 21st of July near Chimburu, the capital of Gazaland. The Governor of Portuguese East Africa, Col. Albuquerque, with a small Portuguese force, routed 7000 rebels. The Portuguese loss was two killed and ten wounded. The natives lost 300.

### PORTUGUESE ROUTED.

LONDON, Aug. 2.—A dispatch to the Times from Lisbon says a report has reached there that the Portuguese have been badly routed in the Bilini district, north of Delagoa bay. The natives declare that not a Portuguese is left alive.

### SERIOUS FIGHTING.

CAPE TOWN, Aug. 1.—Serious fighting took place on Friday in the Langeberg district. The British loss was trifling. The enemy's position in the Gamspies Valley was impaired, and the rebels fell back in confusion toward Twaskloof.

### REBELS WILL SURRENDER.

CAPE TOWN, Aug. 1.—The government troops have captured all of the enemies' positions north of Twaskloof. Among the British losses are Serfs. Hall and Mercer, who were killed. Chief Lukalantjes, who led the rebels, was killed. C. C. Prick, manager of the Carnegie Steel Works, in the Home-stand strike.

### FIGHTING ON THE NILE.

CAIRO, Aug. 1.—The Egyptian Intelligence Department has received word of heavy fighting on the Nile between the Dervishes and the Jaalins. The Dervishes, under one of the generals of the Khalifa, defeated the Jaalins in a pitched battle and occupied Metemneh on July 12. The losses on both sides were very heavy. The Jaalins are said to have lost 2000 killed.

### Charges Against the Boers.

LONDON, Aug. 2.—The correspondent of the Daily Telegraph at Johannesburg says grave charges are being formulated against the Boers. The first is that of supplying the Matabeles be-

## LETTERS TO THE TIMES.

Handsome Prize.

LOS ANGELES, July 31, 1897.—[To the Editor of *The Times*.] Among the many things that delight and charm visitors to this lovely city is the Public Library. The perfection of the arrangements, whereby even strangers stopping a time in this city can avail themselves of the benefits of the library, is to my mind unusual.

But the most delightful part is the thoroughly efficient service. The ease and intelligence of those who serve the public in the exchange of books, as well as the kindness and patience they exhibit, is to be highly commended. In the reference room in particular enough cannot be said of the efficiency of those in attendance. Several times in the investigation of some subject I have asked for some book bearing upon the facts in the case, and in an incredibly short time the desk in front of me would be piled high with different authorities, each one marked by a slip of paper at the desired place, and it was all done with the greatest ease and grace, and although the favor was to them instead of to me.

In view of these facts it gives me great pleasure to publicly express my thorough appreciation of all the courtesies extended to a stranger. Very sincerely yours,

LAVILLA E. ALLEN.

### OBTAINED LITTLE PLUNDER.

Burglars Enter the House of Rev. J. W. B. Last Night.

When Rev. J. W. B. returned to his home at No. 718 West Eighth street, from church service last night, he found that the house had been ransacked by burglars. Although the thieves turned a great number of articles over in front of him, he was able to search for valuables, but little was stolen.

A cheap watch chain, one glove button, and \$1.50 in cash, all the property of Miss Rose Smith, who lives with Rev. Ball, are the only articles that have been discovered to be missing. The burglars are supposed to have entered the house through a window, and to have left by the front door, leaving the gas burning.

### AL SENCATE ARRESTED.

Charged with Carrying a Concealed Weapon.

Al Sencate, who represents himself as a commercial traveler, whose home is in Ventura, was arrested about 10 o'clock last night and placed in the City Jail on the double charge of discharging firearms within the city limits and carrying a concealed weapon. Sencate was arrested on Fifth street near Broadway at the instance of J. Binkley, a night watchman.

### A TRAGIC SUNDAY.

Four People Drowned and One Killed by a Train.

[BY ASSOCIATED PRESS WIRE.] TERRE HAUTE (Ind.) Aug. 1.—This has been a tragic Sunday for Carle, a town about thirty miles south of here. Four persons were drowned at Hyatt's ferry on the Wabash River, and one was ground to fragments by an Evansville and Terre Haute freight train. The dead are:

GRANT AMMOND, a farmer.

ABNER MORRIS, a farmer.

MRS. ABNER MORRIS, a farmer's wife.

CHARLES HINES, a farmer.

The first three were seen to go in bathing and later their clothing was found on the river bank. It is believed one of the women was seized with cramps and the others were drowned in trying to rescue her.

Charles Hines was found shortly after daylight lying close to the Evansville and Terre Haute freight train. The head was crushed in and the right hand torn off, and the body almost severed. It is thought Hines fell from the train while standing a ride.

### CHEROKEE COUNCIL.

Important Step Taken Toward Settlement of Affairs.

[BY ASSOCIATED PRESS WIRE.] TALEQUAH (I. T.) Aug. 1.—The Cherokee National Council has just adjourned here, after a ten days' extra session. An important step was taken in furthering the Dawes commission with all Cherokee rolls of citizenship that it might make a final final looking to the winding up of Cherokee affairs preparatory to the prospective change.

The Cherokee commission to confer with the Dawes commission was hailed over the coals because of its dilatory actions. They were given a strong hint that they must do something or make way for a commission that would.

Two attorneys, Judge J. A. Scates and J. B. Scates, were appointed for the Cherokee Nation to assist the Dawes commission to take a true census of the Cherokee people, and to see that the Cherokee interests are protected in the proposed change.

### LOST HIS PEDALS.

Bicycle Trick Rider Loses His Life.

[BY ASSOCIATED PRESS WIRE.] NEW YORK, Aug. 1.—A man known as Prof. Arion, but whose real name is supposed to be McDonald, was killed at Ridgewood Park, Brooklyn, tonight.

As he was performing a feat which was being given during a Hessian festival, the "professor" was advertised to ride a bicycle on a wire strung about twenty feet above the ground. When he crossed the wire he lost his pedals, causing the bicycle to topple over. The man fell to the ground, bringing with him the electric wire which he was carrying for the purpose of giving an electrical display. In the fall he fractured several ribs and sustained other injuries. He died soon after his removal to a hospital.

## THE WEATHER.

## The Times

## ALL ALONG THE LINE.

Pasadena will soon have a local street car service of modern type, and the mules that have hauled a rickety car at irregular intervals over an undulating track will be turned out to nibble grass elsewhere than between the rails.

A citizen of Pasadena reports that the bellowing of a demented bull is causing much commotion in the suburbs of the city, but there may be some mistake about his report. An assistant district attorney is known to be absent from the city on a prosecuting tour, and he may have a case in a justice's court in the vicinity of Pasadena.

The San Pedro dogberry, who sent two infants to the city jail for trying to steal something out of a car, seems to have very singular notions of justice. In some small towns, the voters have an equally singular notion that any doddering old fool will do for a justice of the peace, and the blame for such outrages as the "trial" of the San Pedro babies on a charge of "burglary" must be borne by the people who elect this sort of "judges" to office.

The gold-seekers' stampede to Alaska is affecting business even in Southern California. Miners in the West have subsisted since 1849, mostly on beans, and the men who go to Alaska must have beans, tons of beans. Ventura raises beans. The demand for beans has cleared out Ventura's surplus, and raised the price, and the bean-growers of that county are joyful. But what is to become of Boston, is a question that is painful to consider. The human imagination is incapable of conceiving the gloom and horror of a beanless Sunday morning in Boston.

## WILL REORGANIZE.

Negotiations Pending with an English Syndicate.

Some of the largest stockholders of the Los Angeles Iron and Steel Company, which is now in the hands of a receiver, are taking steps to a reorganization of the company. Negotiations are being pushed as fast as possible with an English syndicate which is considering the question of purchasing the company's plant and putting it once more in active operation. One of the directors of the company is authorized for the statement that the deal will probably be consummated within the next sixty days.

## AZUSA.

High Prices Received for Citrus Fruit by the Local Exchange.

AZUSA, Aug. 1.—[Regular Correspondence.] The Pomotrope has cornered the market for citrus fruit shipped through the Southern California Fruit Growers' Exchange by the Azusa, Covina and Glendora Citrus Association. There were shipped 56,443 boxes, and the average returns to the towns represented, for all kinds of fruit, were as follows: Covina, \$1.74; Azusa, \$1.75; Glendora, \$1.80. The total receipts of the three towns in the group, in cash, through the association, was over \$90,000. These figures being f.o.b. prices represent the labor of packing as well as direct returns to the growers. Of course a large amount of fruit was shipped outside of the exchange. The average returns for the different kinds and grades of fruit was as follows:

While the above speaks well for this valley, it is but a hint of what is anticipated in the future. The trees by no means bore full crops the past year, and the average age of them is still very low. There is every reason to believe that the output of the coming season will be nearly, if not quite, double that of last year, the orchards all being loaded with heavy crops, while the increased age will contribute no little amount to the increased output. The tendency for the future here seems to be to increase the strength of the exchange movement, and that organization will probably not only have a greater bulk of fruit the coming year, but an increased percentage of the production of the valley.

The High School have selected as teachers for the ensuing year, Prof. C. T. Meredith, principal; Miss Isabelle Owens and Miss Zuleika Gulberston, the first to receive \$1500 per year, and the others \$75 and \$65 per month, respectively. A committee consisting of A. P. Griffith and E. G. Clapp has been appointed with power to act in adding an additional room to the school.

Fellows Bros. are already at work hauling a large amount of camp supplies to the camps selected for the workmen on the San Gabriel Power Company's electric plant, and a number of men are already on the ground to begin work. From the way work is opening up it seems evident that there will be lively times here within a few days.

The lemon-growers, who recently met to consider the organizing of another association, will meet again Tuesday afternoon, when it is expected that organization will be completed. For several days there has been considerable activity in canvassing for members among those not affiliated with the old association.

## SAN PEDRO JUSTICE.

## TWO CHILDREN SENT TO THE COUNTY JAIL.

Ernest and Willie Leonhardt Attempt to Steal Edibles and Are Railroaded to Jail.

## AGED NINE AND ELEVEN YEARS

## THREE CHARGES ENTER INTO THE COMPLICATION.

Arrested for Burglary—Pleaded Guilty to Petty Larceny—Committed for Robbery—A Strange Case.

Another illustration of what the law of the State will do when welded by the hand of a justice, without discrimination, was given at San Pedro Saturday, when two children, aged 9 and 11 years, were railroaded to the County Jail.

Mrs. Nellie Leonhardt moved to San Pedro two months ago. She didn't move to take a summer cottage, nor yet a tent. She had more serious reasons. On March 17 last, while living on Fifth street in Los Angeles, her husband, Edward Leonhardt, a post-office employe, deserted her, leaving six children, ranging from under 1 year to 13 years of age, for Mrs. Leonhardt to support. She is a woman of little education, and the task proved too hard in spite of her efforts, she was unable to feed the six mouths of the growing children, and meet the rent of \$10 per month, with the small amount to be derived from washing, even though she did work day and night. When she was offered a house, rent \$10 per month, she gladly accepted it. With a heart full of cheer and thankfulness she moved her few, very few, household goods into a shack that had been tenanted for many months.

Honest endeavor secured her enough washing to keep life in the bodies of her children, and Mrs. Leonhardt was fairly happy. Her sons helped her by rubbing out the light pieces, and in the companionship of her little ones she enjoyed her almost solitary existence of hard labor. But Willie, aged 11, and Ernest, aged 9 years, had aspirations looking toward less meager meals. They are growing lads, and possess good appetites, which were not always so regularly satisfied. On the afternoon of July 15, finding the small grocery belonging to J. S. Stewart deserted, they entered Ernest brought a chair, upon which Willie climbed to enable him to reach the shelves where the good things lay. With the eye of an epicure he selected a package of coffee and one of corn starch, which he dropped into a small sack held open by the ready hands of little Ernest, before whose eyes floated visions of a banquet. But fate had ordained against the lads, and at this critical moment Stewart returned, and the boys were forced to run away, leaving the good things behind.

For some reason no complaint was filed against Willie and Ernest until day before yesterday, when Justice of the Peace Patterson issued a complaint charging the children with burglary. The warrant was handed into the hands of Constable Schwartz, who started out to arrest the burglars. He found little Ernest, with tattered sleeves rolled up, scrubbing in the wash tub, but Willie was not at home. He was on an errand. His mother had given him 5 cents, with which he had gone to town to purchase that amount of stale bread for dinner. Mrs. Leonhardt had been particular to state stale bread, as in this way he would obtain a double loaf, and a double loaf counts when there are seven to eat it. The constable found him on the way home, and the strong arm of the law promptly got in its work by yanking both of the desperate characters before the late Judge. Barefooted, with tattered knee breeches and ragged shirts, the little fellows stood quivering before the court of justice, twisting their caps nervously. With all due majesty befitting the occasion, Justice Patterson proceeded to a "trial" of the cases jointly. The lads were not represented by any kind of counsel, even their mother being unaware of their arrest, but that mattered not. In a voice which caused the lads to unconsciously creep closer to each other and shiver the more, the justice apprised them of the fact that they were criminals.

"But, please, sir," bemoaned Willie, "what have we done?" "Keep quiet," roared the court. "I'll read you this paper. That will tell you," and in all seriousness the technical document was read to the lads, who listened in awe and wonder to the incomprehensible words. "Now," continued the court, addressing the now weeping children, "after he had finished the reading of the document, 'you have committed a crime for which I should send you to Folsom, but if you only plead guilty to petty larceny, I'll only send you to Los Angeles. Will you plead guilty?" The lads didn't know what "Folsom" meant, but they had lived in Los Angeles, and were not so frightened at the prospect of returning to their former home as at the idea of being sent to a strange city, and what they imagined must be a most dreaded place, so they nodded assent.

"Fifteen dollars or fifteen days in the County Jail," and the trial was over. Constable Schwartz was then instructed to take the children to the County Jail on the first train. A suggestion, on his part, that he first take them home and give them a change of raiment was met by the rejoinder: "They have had their trial and will be taken to the County Jail immediately." Not until two hours after the children had been on their way, did Mrs. Leonhardt learn of the fact that her boys had been railroaded. Inside of an hour they had been arrested, tried, sentenced and committed, in spite of the fact that according to the statute limitations Ernest is too young to be sentenced to imprisonment in jail. They had been permitted no representation or time in which to communicate with their mother, but law and justice had been satisfied.

The County Jail the books show the sentence of the lads to be for robbery. The docket at San Pedro says they were arrested for burglary. They pleaded guilty to petty larceny. The children themselves are probably unaware of the meaning of either of these terms, except in a hazy, childish, general way, but they have doubtless become acquainted with the fact that while the law permits one to go hungry, it will not tolerate an attempt to steal coffee and corn starch.

## Four Boys Drowned.

KANSAS CITY (Mo.), Aug. 1.—Four smart boys were drowned here today while swimming. William and George Young brothers, aged 16 and 18, were drowned in Brush Creek. Henry Hall, aged 11, perished in the Kaw River, and Fred Bridgford, aged 14, was drowned in a little creek emptying into the Missouri.

A good business man would not think of building his house out of materials that he knew to be bad—but some do. Some paints are not worth their weight in road dust when it comes to lasting and preserving wood work. Harrison's Paints are backed up by one hundred years' trial.

NO PAY TILL CURED

DR MEYERS.

Contagious Blood Poison Do Not Go to Hot Springs Avoid Those Deadly Minerals A Warning To Victims A Few Symptoms  
Dr. Meyers cures this humiliating and oftentimes deadly affliction rapidly and permanently at any stage—primary, secondary or tertiary, inherited or contracted. For centuries contagious blood diseases have baffled the skill of physicians and has been the most difficult disease that medical science has had to deal with. The problem of its cure has remained wrapped in mystery until Dr. Meyers discovered a specific that eradicates it forever from the system. He has cured the most obstinate cases, many of which were of long standing and had refused to yield to all other treatment and the untiring efforts of the most skilled physicians in Europe and America. This loathsome disease has been checked, and driven from the surface, but never permanently cured till Dr. Meyer made his discovery. Victims should remember that if the blood has but been tainted by this deadly curse it is liable to break out at any time and end in softening of the brain, or a lingering, shameful death if Dr. Meyers' treatment is not taken. Why die miserably or spend hundreds of dollars for quack nostrums, or in visiting the hot springs only to get temporary relief when Dr. Meyers can make you whole and clean? Among the symptoms are: chancres, large or small ulcers in the mouth, on the lips or elsewhere, loss of hair on the head and other parts of the body, dark or copper spots on the skin, buboes, aching of the bones and joints.

## City Briefs.

Parties going to Catalina can leave this city on the Terminal newspaper train at 8 a. m., connecting with the Wilmington Transportation Company's newspaper boat at San Pedro, and arrive at Catalina at 10 o'clock daily except Saturday and Sunday. Making the trip at this time of the day is much more delightful than in the afternoon, after the winds have come up and the ocean is "choppy". There is also much less liability to seasickness on the morning trip.

## The Churches.

## Sunday-school Institute.

THE Bethel Institutional Church devoted yesterday to a Sunday-school institute. The subject of the morning address was "The Wonderful Book," the text being taken from Psalms cxix, 18. The speaker, Rev. H. P. Case, said, in brief:

"Anything wonderful attracts attention. We are attracted by the wonderful things of the Bible. Not one book but a collection of sixty-six books, each one treating of the same subject, God and His love for us. The Bible is a wonderful book, because it is so old. Some parts of it were written thousands of years ago. It has been miraculously preserved in a great many instances. At one time the writings of Moses were lost for a time, but on cleaning out the temple the law was found. A century ago Voltaire predicted that the Bible would be displaced in a few years. Today a Bible is printed every two seconds. An Indian prince said to Queen Victoria: 'How is it that your little island dominates the world and rules India with all its millions of people?' Holding up a Bible, the queen replied: 'It is by the power of this book in our national life.' The Japanese, studying American institutions, discovered their need of a national religion. They plan to adopt the Christian religion, with some modifications, as a state religion. As we hide God's word in our hearts, we are led on and out into the broad places.

At 2 p. m. a conference was held on Sunday-school topics. Superintendent Case spoke on "The Management of the Sunday-school." W. H. Griffin on "The Teacher's Preparation," and Miss Mary Bobbysell on "The Teacher's Teaching." The programme included a solo from the oratorio of St. Peter, rendered by Mrs. Wyatt. A chalk talk to children followed. The evening address was an analysis of the Book of Acts.

## Pacific Gospel Union.

THE Sunday evening service at the mission was in charge of Mr. Frances of the Court Circle Baptist Church, and Miss White, city missionary of the union, who spoke of the great convention and the ten thousand people who had consecrated themselves to live for Christ.

## Thought and Act.

A LARGE audience assembled at Blavatsky Hall to listen to H. B. Leader's lecture on "Thought and Act." The speaker pointed out that thought was the origin of all acts. Even desire is the result of ideation. We live in a sea of thought as the fish lives in water, and imbibed thought only to throw it out again as does the fish its element; we are responsible as to whether the thoughts we entertain are vitiated or ennobled by our use of them. By controlling our thoughts of love, gentleness, tolerance, mercy and faith we shall gradually permeate humanity with these sentiments, and the power of thought will do what the lever of Archimedes failed to do, i. e., lift the world.
